

Freedom of Information Request

Ref: 23-149

8 March 2023

By Email

Dear Sir/Madam

Thank you for your request for information under the Freedom of Information Act 2000. The Trust's response is as follows:

- We can confirm that we do hold the information you are requesting

For each financial year from 2010/11 to 2022/23, please can you provide the total number of inpatient falls recorded at hospital, the total number of those falls resulting in injury to the patient, the total number of those falls resulting in death of the patient.

Please can you provide this information in spreadsheet format as an Excel file, broken down by each year, as above, with the data on the inpatient falls provided for each year, as above?

Please see the attached spreadsheet.

Please note that it would take more than 18 hours for a clinician to look at each case and confirm in their opinion that the fall resulted in the death. The Trust does not hold the data in a format that would enable us to fully respond to your request to the level of detail required and a manual trawl for this information would significantly exceed the 18 hours limit set down by the FOI as the reasonable limit. Section 12 of the FOIA provides that we are not obliged to spend in excess of 18 hours in any sixty-day period locating, retrieving and identifying information in order to deal with a request for information and therefore we are withholding this information at this time.

Please also note that where the figures are between 1 and 5, this has been denoted by *. Due to the low numbers, we have considered that there is the potential for individuals to be identified from the information provided, when considered with other information that may also be in the public domain. In our view disclosure of these low figures would breach one of the Data Protection Principles set out in Schedule 1 of the Data Protection Act, namely Principle 1. The Trust therefore finds that the Section 40(2) exemption contained within the Freedom of information Act 2000 is engaged. (Section 40 is the exemption for personal information).

This does not include data from Weston General Hospital pre-merger (before April 2020) due to the data being held on a different system and would involve a manual trawl - Please note, the Trust does not hold the data in a format that would enable us to fully respond to your request to the level of detail

required and a manual trawl for this information would significantly exceed the 18 hours limit set down by the FOI as the reasonable limit. Section 12 of the FOIA provides that we are not obliged to spend in excess of 18 hours in any sixty-day period locating, retrieving and identifying information in order to deal with a request for information and therefore we are withholding this information at this time.

This concludes our response. We trust that you find this helpful, but please do not hesitate to contact us directly if we can be of any further assistance.

If, after that, you are dissatisfied with the handling of your request, you have the right to ask for an internal review. Internal review requests should be submitted within two months of the date of receipt of the response to your original letter and should be addressed to:

Data Protection Officer

Please note that this letter and the information included/attached will be published on our website as part of the Trust's Freedom of Information Publication Log.
