

Freedom of Information Request

Ref: 23-344

17 May 2023

By Email

Dear Sir/Madam

Thank you for your request for information under the Freedom of Information Act 2000. The Trust's response is as follows:

- We can confirm that we do not hold the information you are requesting

All questions are related to laboratory structure and work completed during the calendar years indicated (full year) unless otherwise indicated.

All questions relate to histopathology only (including routine immunohistochemistry) – please do not include details for Cytology, molecular pathology or any other disciplines unless otherwise stated.

Questions relate to four key concepts and seek to examine how these have changed over time:

- Workloads
- Staffing
- Turnaround times
- Budgets

It is hoped that this may help highlight the increasing pressures being experienced by histology laboratories throughout the UK.

Please complete all questions where possible – if precise data is unavailable, please provide an estimate (stating that data is an estimate plus likely error margin expressed as a percentage).

If unable to complete all questions, please provide a partial response (just completing the data that you can).

If you are unable to provide data on any of the questions, please note this in the free text area provided for comments against each question.

Section 1: Respondent laboratory and commissioning

Q1: Please provide details of the location of the laboratory responsible for completing your histology workloads, as well as the district that you served for the years indicated.

- **Laboratory:** This should be the name/location of the laboratory completing most of your histology workloads – if your histology work is completed by a different hospital, please indicate this.

- **District:** Please indicate the unitary authority, county, metropolitan district, non-metropolitan district, integrated care board, or other authority that commissions NHS services from your hospital.

Should you be unable to provide details for any of the years indicated please note this in the free text comments box.

YEAR	LABORATORY	DISTRICT	FREE TEXT COMMENTS
2008			
2009			
2010			
2011			
2012			
2013			
2014			
2015			
2016			
2017			
2018			
2019			
2020			
2021			
2022			

Section 2: Histology workloads

Q2: Please provide details of histology workloads (total cases/total slides) for the years indicated. For slides this should be the total volume including special stains and immunohistochemistry, but should not include cytology, if these cannot be easily filtered out, please indicate this in the free text box. Should you be unable to provide this data for any of the years indicated please indicate this in the free text box. If providing an estimated response, please note this (along with likely error factor expressed as a percentage) in the free text comments box.

2017			
2018			
2019			
2020			
2021			
2022			

Section 3: Histology staffing

Q3: Please provide details of the histology staffing for the years indicated (full time equivalents). This should only be those staff involved in histology, but may include admin staff (e.g., secretaries) if they play a significant role in the completion of the histology workload. This is divided into two areas (laboratory and support/reporting). This should be a total of staff in post only and should not include unfilled vacancies.

- **Laboratory and support (LAB):** Those staff involved in the preparation of laboratory samples – including admin and quality support roles – this should include histology secretaries, medical laboratory assistants, biomedical scientists, this should also include any laboratory senior staff/managers in histology.
- **Reporting (REP):** This should include those staff involved in the preparation of histology reports; this should include pathologists, registrars, clinical scientists, and consultant biomedical scientists.

Where staff numbers have changed through a calendar year (e.g., new staff recruited/staff leaving), please provide an approximate average and note this in the comments box. Should you be unable to provide this data for any of the years indicated please indicate this in the free text box. If providing an estimated response, please note this (along with likely error factor expressed as a percentage) in the free text comments box.

2018			
2019			
2020			
2021			
2022			

Sections 4: Histology turnaround times

Q4: Please provide details of turnaround times (TATs) for histology for the years indicated. There are two response options for each year; average histology TAT in days, and % of cases reported in 10 days. Please provide both data sets where possible, however, where this is not possible, please note this in the free text comments box. The TAT response should always be from the date the sample was collected to the date when the initial diagnostic report was authorised/released. This data should be for histology only, however, if your data includes NG-Cytology, please just note this in the free text comments. Should you be unable to provide this data for any of the years indicated please indicate this in the free text box. If providing an estimated response, please note this (along with likely error factor expressed as a percentage) in the free text comments box.

2018			
2019			
2020			
2021			
2022			

Section 5: Histology budgets

Q5: Please provide details on histology budgets for the years indicated, this should be the total budget for delivering histopathology services in the years indicated. If other services such as NG-Cytology are included as part of this budget, and it is not possible to separate them please indicate this in the free text comments. Should you be unable to provide this data for any of the years indicated please indicate this in the free text box. If providing an estimated response, please note this (along with likely error factor expressed as a percentage) in the free text comments box.

This service is provided by North Bristol NHS Trust. Please contact foi@nbt.nhs.uk for further information.

This concludes our response. We trust that you find this helpful, but please do not hesitate to contact us directly if we can be of any further assistance.

If, after that, you are dissatisfied with the handling of your request, you have the right to ask for an internal review. Internal review requests should be submitted within two months of the date of receipt of the response to your original letter and should be addressed to:

Data Protection Officer
University Hospitals Bristol and Weston NHS Foundation Trust
Trust Headquarters
Marlborough Street
Bristol
BS1 3NU

Please remember to quote the reference number above in any future communications.

If you are not content with the outcome of the internal review, you have the right to apply directly to the Information Commissioner for a decision. The Information Commissioner can be

contacted at: Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF

Publication

Please note that this letter and the information included/attached will be published on our website as part of the Trust's Freedom of Information Publication Log. This is because information disclosed in accordance with the Freedom of Information Act is disclosed to the public, not just to the individual making the request. We will remove any personal information (such as your name, email and so on) from any information we make public to protect your personal information.
