

Freedom of Information Request

Ref: 23-359

25 May 2023

By Email

Dear Sir/Madam

Thank you for your request for information under the Freedom of Information Act 2000. The Trust's response is as follows:

- We can confirm that we hold some of the information you are requesting

Question One - Does your trust provide SACT (systemic anti-cancer therapy) treatments for endometrial cancer?

Yes

If not, which other trust do you refer endometrial cancer patients to for SACT treatments?

Not applicable.

Question Two - How many patients were treated for endometrial cancer in the past 6 months with the following treatments:

Dostarlimab *

Hormone therapy (Progesterone or Letrozole) This is prescribed/supplied by several different routes so we cannot provide this information.

Pembrolizumab monotherapy 0

Pembrolizumab in combination with Lenvatinib 0

Platinum-based chemotherapy (monotherapy or combination with taxanes, anthracyclines, cyclophosphamide) 17

Any other SACT 7

Please note: Where the figures are between 1 and 5, this has been denoted by *. Due to the low numbers, we have considered that there is the potential for individuals to be identified from the information provided, when considered with other information that may also be in the public domain. In our view disclosure of these low figures would breach one of the Data Protection Principles set out in Schedule 1 of the Data Protection Act, namely Principle 1. The Trust therefore finds that the Section 40(2) exemption contained within the Freedom of information Act 2000 is engaged. (Section 40 is the exemption for personal information).

Question Three - How many endometrial cancer patients received the following therapies as 1st Line treatment in the past 6 months:

Hormone therapy (Progesterone or Letrozole) This is prescribed/supplied by several different routes so we cannot provide this information.

Platinum-based chemotherapy (monotherapy or combination with taxanes, anthracyclines, cyclophosphamide) 14

Any other SACT 0

Question Four - Of the patients treated for endometrial cancer in the past 6 months with any SACT regimen, how many patients had high microsatellite instability (MSI-H) or mismatch repair deficiency (dMMR)? 9

Question Five - Does your trust participate in any clinical trials for the treatment of endometrial cancer?

Yes

If so, can you please provide the name of each trial and the number of patients taking part.

Zero - none currently open.

This concludes our response. We trust that you find this helpful, but please do not hesitate to contact us directly if we can be of any further assistance.

If, after that, you are dissatisfied with the handling of your request, you have the right to ask for an internal review. Internal review requests should be submitted within two months of the date of receipt of the response to your original letter and should be addressed to:

Data Protection Officer
University Hospitals Bristol and Weston NHS Foundation Trust
Trust Headquarters
Marlborough Street
Bristol
BS1 3NU

Please remember to quote the reference number above in any future communications.

If you are not content with the outcome of the internal review, you have the right to apply directly to the Information Commissioner for a decision. The Information Commissioner can be contacted at: Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF

Publication

Please note that this letter and the information included/attached will be published on our website as part of the Trust's Freedom of Information Publication Log. This is because

information disclosed in accordance with the Freedom of Information Act is disclosed to the public, not just to the individual making the request. We will remove any personal information (such as your name, email and so on) from any information we make public to protect your personal information.
