Dear Sir/Madam

Thank you for your request for information under the Freedom of Information Act 2000. The Trust's response is as follows:

- We can confirm that we do hold the information you are requesting

Performance data against the following two metrics, for the financial years 2019-20, 2020-21, 2021-22, and 2022-23:

- **Proportion of service users presenting as emergency admissions who undergo sepsis screening and who, where screening is positive, receive IV antibiotic treatment within one hour of diagnosis**
- **Proportion of service user inpatients who undergo sepsis screening and who, where screening is positive, receive IV antibiotic treatment within one hour of diagnosis**

Please provide the performance data by 1) proportion of service users presenting as emergency admissions who undergo sepsis screening, 2) the proportion of those patients who, where screening is positive receive IV antibiotic treatment within one hour of diagnosis, 3) the proportion of service user inpatients who undergo sepsis screening and 4) the proportion of those patients who, where screening is positive receive IV antibiotic treatment within one hour of diagnosis.

Please also break down the data by month

Please see the attached document. Please note: This does not include data from Weston General Hospital pre-merger (before April 2020) due to the data being held on a different system and would involve a manual trawl - Please note, the Trust does not hold the data in a format that would enable us to fully respond to your request to the level of detail required and a manual trawl for this information would significantly exceed the 18 hours limit set down by the FOI as the reasonable limit. Section 12 of the FOIA provides that we are not obliged to spend in excess of 18 hours in any sixty-day period locating, retrieving and identifying information in order to deal with a request for information and therefore we are withholding this information at this time.

* Due to the low numbers, we have considered that there is the potential for individuals to be identified from the information provided, when considered with other information that may also be in the public domain. In our view disclosure of these low figures would breach one of the Data Protection Principles set out in Schedule 1 of the Data Protection Act, namely Principle 1. The Trust therefore finds that the Section 40(2) exemption contained within the Freedom of information Act 2000 is engaged. (Section 40 is the exemption for personal information).

**Data for January 2022 not available – the team that collect this data were redeployed due to Covid.

This concludes our response. We trust that you find this helpful, but please do not hesitate to contact us directly if we can be of any further assistance.

If, after that, you are dissatisfied with the handling of your request, you have the right to ask for an internal review. Internal review requests should be submitted within two months of the date of receipt of the response to your original letter and should be addressed to:
