Dear Sir/Madam

Thank you for your request for information under the Freedom of Information Act 2000. The Trust's response is as follows:

- We can confirm that we do hold the information you are requesting

**1. The number of MRI scans performed for the following,
Central Nervous System**

- Brain
- Spine
- Other Surrounding Tissue
- Whole Body
- Head & Neck
- Thorax, including Breast
- Abdomen, including Liver & Kidneys
- Pelvis, including Prostate
- Musculo-skeletal system
- Other
- Cardiac
- Angiography

Please provide the above information for the five financial years ending 2021/22.

Please see the attached document

Please note: Where the figures are between 1 and 5, this has been denoted by *. Due to the low numbers, we have considered that there is the potential for individuals to be identified from the information provided, when considered with other information that may also be in the public domain. In our view disclosure of these low figures would breach one of the Data Protection Principles set out in Schedule 1 of the Data Protection Act, namely Principle 1. The Trust therefore finds that the Section 40(2) exemption contained within the Freedom of information Act 2000 is engaged. (Section 40 is the exemption for personal information).

**2. The number of MRI scans for the above listed investigations using a
macrocytic gadolinium contrast agent(s)**

Please see the attached document

Please note: Where the figures are between 1 and 5, this has been denoted by *. Due to the low

numbers, we have considered that there is the potential for individuals to be identified from the information provided, when considered with other information that may also be in the public domain. The Trust therefore finds that the Section 40(2) exemption contained within the Freedom of information Act 2000 is engaged. (Section 40 is the exemption for personal information).

3. The average number of doses of a macrocyclic gadolinium contrast agent(s) per scan

One single dose of contrast ,there are certain cardiac scans that require more but this is on an individual basis.

4. The number of rescans, which are performed due to the outcome of a poor-quality image when using a macrocyclic gadolinium contrast agent in the initial scan.

Please note, the Trust does not hold the data in a format that would enable us to fully respond to your request to the level of detail required and a manual trawl for this information would significantly exceed the 18 hours limit set down by the FOI as the reasonable limit. Section 12 of the FOIA provides that we are not obliged to spend in excess of 18 hours in any sixty-day period locating, retrieving and identifying information in order to deal with a request for information and therefore we are withholding this information at this time.

5. The number of rereports required due to the outcome of a poor-quality image when using a macrocyclic gadolinium contrast agent in the initial scan.
