

Freedom of Information Request

Ref: 21-482

20 September 2021

By Email

Dear Sir/Madam

Thank you for your request for information under the Freedom of Information Act 2000. The Trust's response is as follows:

- We can confirm that we do hold the information you are requesting

Your response to the below does not answer my question.

The classification of what conditions are included within the FSSA COVID prioritisation system is in the public domain as you phrased. The data on how many children have breached this timeframe in Bristol during which the FSSA guidance was in place is not in the public domain. This is the data that I was requesting.

If you are not able to proceed with that request please forward my request onto your below address for an internal review:

As of the 1st September 2021 breaches for all fit and well babies

Lips over 3 months - 18

Palates over 6 months – 34

Palates over 13/12 – 12

This concludes our response. We trust that you find this helpful, but please do not hesitate to contact us directly if we can be of any further assistance.

If, after that, you are dissatisfied with the handling of your request, you have the right to ask for an internal review. Internal review requests should be submitted within two months of the date of receipt of the response to your original letter and should be addressed to:

Director of Corporate Governance
University Hospitals Bristol and Weston NHS Foundation Trust
Trust Headquarters
Marlborough Street
Bristol
BS1 3NU

Please remember to quote the reference number above in any future communications.

If you are not content with the outcome of the internal review, you have the right to apply directly to the Information Commissioner for a decision. The Information Commissioner can be contacted at: Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF

Publication

Please note that this letter and the information included/attached will be published on our website as part of the Trust's Freedom of Information Publication Log. This is because information disclosed in accordance with the Freedom of Information Act is disclosed to the public, not just to the individual making the request. We will remove any personal information (such as your name, email and so on) from any information we make public to protect your personal information.
