### **Job purpose**

The post holder will work within University Hospitals Bristol and be responsible for providing an efficient and effective secretarial service for clinical teams within specialties across the Trust.

The role of Medical Secretary is to provide patients and GP's with high quality clinical outcome information, within the Trust's target turnaround times. The role is therefore responsible for setting high standards of patient care by enacting the Trust's values at all times.

### **Main duties and responsibilities**

#### **Communication:**

- Liaise with and act as a point of contact for clinical and non-clinical staff via telephone and email, as required by the line manager
- Act as a point of contact for patients, relatives and carers. The post holder should be polite and empathetic to the patient's needs at all times and be able to communicate effectively when dealing with difficult situations/conversations
- Return calls promptly, keep callers updated with information, process queries as appropriate and take responsibility so that all relevant people are notified
- Escalate patient queries, capacity problems and general issues to the role's line manager or other relevant staff as appropriate

#### **Patient Care:**

- Show a caring and professional approach towards patients, relatives and carers. This may require acting with resilience to deal with sometimes distressed patients and relatives in a professional and empathetic manner

#### **Organising and Planning:**

- Ensure patient records are up to date and maintained. Trace case notes where necessary, for example to ensure clinical correspondence is filed correctly
- Check and sort investigation reports and pass information onto the clinical team as required

- Carry out associated clerical duties, for example maintaining accurate filing systems, receiving post, diary management and scanning patient notes if required
- Attend appropriate meetings as required by the role's line manager
- Gain an understanding of any other specialties in order to provide support as required and ensure that the Trust's target turnaround times are achieved
- Support the maintenance and updating of all patients' referral to treatment pathways, including outpatient clinic outcomes, results tracking, any waiting list arrangements and associated appointments, as required by the service
- Ensure speciality specific documentation is completed and filed appropriately

**Service Development and Research:**

- Attend training courses as required to support personal development and the needs of the service
- Assist in training and supporting new members of the team

**Finance and Resources:**

- Maintain, order and/or receipt stationery and essential items, in line with Trust policies, if required

**Information Resources:**

- Audio type, edit and proof read clinical letters, general correspondence and reports using the Trust's Digital Dictation and Speech Recognition System, ensuring that all correspondence is accurate and despatched within the Trust's target turnaround times
- Achieve the required standard of proofreading/editing using the Trust's Digital Dictation and Speech Recognition System, as specified by the Trust
- Use the relevant computer systems and Patient Administration System (PAS) to accurately input and retrieve patient information, updating demographics where necessary Check incoming email inbox(s) on a daily basis to keep up to date with departmental and Trust wide news and information

**Other:**

- Act with flexibility to utilise skills in other functions if and when appropriate or required by the role's line manager
- Maintain confidentiality and discretion and comply with the terms of the Data Protection Act 2018 as well as local and Trust policies at all times

## **General Information:**

### **Safeguarding Children and Vulnerable Adults**

University Hospitals Bristol is committed to safeguarding and promoting the welfare of all children, young people and vulnerable adults, and as such expects all staff and volunteers to share this commitment.

---

Quality in the NHS has three core dimensions: Patient Safety, Patient Experience and Clinical Effectiveness.

Clinical Governance is about the systems, processes and behaviours to ensure that high quality services are provided to patients. Every member of staff has a role to play in striving for excellence: it is important that everyone is aware of and follows policies and procedures that govern their work; and if something goes wrong, everyone has an obligation to report it so lessons can be learned from mistakes, incidents and complaints.

If any member of staff has concerns on any clinical governance matters, they should raise them with their line manager, professional adviser, or a more senior member of management. Reference should be made to the Trust's guidance on Raising Concerns about provision of patient care.

---

### Information Governance

It is the responsibility of all staff to respect the confidentiality of patients and staff, as specified in the Caldicott Principles, Data Protection Act and the Human Rights Act. It is the duty of every employee to:

- Only access person identifiable information as required in the execution of their duties.
- Disclose information appropriately, in line with the Data Protection Act 1998.
- To ensure good quality data by recording, promptly and accurately, clinical and non-clinical information within agreed timescales to PAS, the health record or the appropriate clinical or non-clinical information system
- Always trace patient notes on the Patient Administration System
- Maintain the confidentiality of their password / username and if in possession of a 'Smartcard' abiding by the terms and conditions of its use.
