

Freedom of Information Request

Ref: 22-086

4 March 2022

By Email

Dear Sir/Madam

Thank you for your request for information under the Freedom of Information Act 2000. The Trust's response is as follows:

• We can confirm that we do hold the information you are requesting

Q1. How many patients have been treated for breast cancer (any stage) in the past 3 months with the following systemic anti-cancer therapies:

- Aromatase Inhibitor (e.g. anastrazole, exemestane, letrozole) as a single agent 0
- Abemaciclib + Aromatase Inhibitor (e.g. anastrazole, exemestane, letrozole) 8
- Abemaciclib + Fulvestrant 14
- Anthracycline (e.g. doxorubicin or epirubicin) as a single agent *
- Atezolizumab +Nab-paclitaxel/Paclitaxel *
- Capecitabine as a single agent 41
- Carboplatin or Cisplatin as a single agent 0
- Eribulin as a single agent or in combination 9
- Everolimus + Exemestane *
- Fulvestrant as a single agent *
- Lapatinib 0
- Neratinib 6
- Parp Inhibitors (Olaparib/Talazoparib) 0
- Palbociclib + Aromatase Inhibitor (e.g. anastrazole, exemestane, letrozole) 81
- Palbociclib + Fulvestrant *
- Pembrolizumab 0
- Pertuzumab + Trastuzumab + Docetaxel 40
- Ribociclib + Aromatase Inhibitor (e.g. anastrazole, exemestane, letrozole) *
- Ribociclib + Fulvestrant 0
- Sacituzumab Govitecan 7
- Taxane (e.g. docetaxel, paclitaxel, nab-paclitaxel) as a single agent 46
- Trastuzumab as a single agent or in combination 179
- Trastuzumab emtansine 34
- Transtuzumab deruxtecan *
- Vinorelbine as a single agent 7

Any other active systemic anti-cancer therapy 77

Please note: Where the figures are between 1 and 5, this has been denoted by *. Due to the low numbers, we have considered that there is the potential for individuals to be identified from the information provided, when considered with other information that may also be in the public domain. In our view disclosure of these low figures would breach one of the Data Protection Principles set out in Schedule 1 of the Data Protection Act, namely Principle 1. The Trust therefore finds that the Section 40(2) exemption contained within the Freedom of information Act 2000 is engaged. (Section 40 is the exemption for personal information).

Q2. In the past 3 months, how many early/locally advanced (Stages I to IIIc) breast cancer patients were treated with an Aromatase Inhibitor (anastrazole, exemestane, letrozole) as a single agent?

We are unable to supply this data as these drugs are usually prescribed by the GP rather than the hospital.

This concludes our response. We trust that you find this helpful, but please do not hesitate to contact us directly if we can be of any further assistance.

If, after that, you are dissatisfied with the handling of your request, you have the right to ask for an internal review. Internal review requests should be submitted within two months of the date of receipt of the response to your original letter and should be addressed to:

Director of Corporate Governance University Hospitals Bristol and Weston NHS Foundation Trust Trust Headquarters Marlborough Street Bristol BS1 3NU

Please remember to quote the reference number above in any future communications.

If you are not content with the outcome of the internal review, you have the right to apply directly to the Information Commissioner for a decision. The Information Commissioner can be contacted at: Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF

Publication

Please note that this letter and the information included/attached will be published on our website as part of the Trust's Freedom of Information Publication Log. This is because information disclosed in accordance with the Freedom of Information Act is disclosed to the public, not just to the individual making the request. We will remove any personal information (such as your name, email and so on) from any information we make public to protect your personal information.
