

Freedom of Information Request

Ref: 22-113

4 March 2022

By Email

Dear Sir/Madam

Thank you for your request for information under the Freedom of Information Act 2000. The Trust's response is as follows:

- We can confirm that we do hold the information you are requesting

Please provide details of clinical service incidents caused by estates and infrastructure failure at your hospital trust in 2020/21.

A "clinical service incident" is defined as follows: Number of incidents caused by estates and infrastructure failure which caused clinical services to be delayed, cancelled or otherwise interfered with owing to problems or failures related to the estates and infrastructure failure. Exclude failures relating to non-estates causes e.g. nursing availability but include where external incidents which estates and infrastructures should have mitigated e.g. utility power failures where the Trusts backup power system failed to offset. An incident is considered to be a delay of at least 30 minutes to clinical services affecting at least 5 patients or equivalent. Both inpatient and outpatient service incidents should be included.

Please note that the information provided will not always capture the length of delay or the total number of patients affected.

Such incidents will include, but are not limited to: • Power and/or heating failures including overheating • Fires and false alarms (where caused by equipment faults or malfunction, deliberate/malicious causes should be excluded) • Water and/or sewage supply • Food production and/or delivery • Pest control

For each incident, please provide a summary of the incident and the impact on services. Please provide details of the problem and in what way clinical services were affected, including the number of patients affected, the service and how long the service was delayed/if it was cancelled. *

19/08/2020 – Power outage to whole BRI Precinct

10/09/2020 – Bristol Royal Hospital for Children, Chiller failure

26/10/2021 – Power outage to parts of Queens Building (BRI)

03/11/2021 – Steam supply failure

*Please note, the Trust does not hold the data in a format that would enable us to fully respond to your request to the level of detail required and a manual trawl for this information would significantly exceed the 18 hours limit set down by the FOI as the reasonable limit. Section 12 of the FOIA provides that we are not obliged to spend in excess of 18 hours in any sixty-day period locating, retrieving and identifying information in order to deal with a request for information and therefore we are withholding this information at this time.

This concludes our response. We trust that you find this helpful, but please do not hesitate to contact us directly if we can be of any further assistance.

If, after that, you are dissatisfied with the handling of your request, you have the right to ask for an internal review. Internal review requests should be submitted within two months of the date of receipt of the response to your original letter and should be addressed to:

Director of Corporate Governance
University Hospitals Bristol and Weston NHS Foundation Trust
Trust Headquarters
Marlborough Street
Bristol
BS1 3NU

Please remember to quote the reference number above in any future communications.

If you are not content with the outcome of the internal review, you have the right to apply directly to the Information Commissioner for a decision. The Information Commissioner can be contacted at: Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF

Publication

Please note that this letter and the information included/attached will be published on our website as part of the Trust's Freedom of Information Publication Log. This is because information disclosed in accordance with the Freedom of Information Act is disclosed to the public, not just to the individual making the request. We will remove any personal information (such as your name, email and so on) from any information we make public to protect your personal information.
