## NOTES FOR REPORTING DOCTOR FROM THE CORONER'S OFFICE IN LINE WITH LEGAL REQUIREMENTS

- Reasons for referral as per Guidance for Registered Medical Practitioners on the Notification of Deaths Regulations 2019 (<a href="https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment\_data/file/831\_100/notification-deaths-regulations-2019-guidance.pdf">https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment\_data/file/831\_100/notification-deaths-regulations-2019-guidance.pdf</a>).
- 2. A hospital death should always be reported by a senior doctor.
- 3. The Coroner (by a Coroner's Officer) may wish to contact you about the written referral.
- 4. Once a death is referred to the Coroner, the reporting doctor may not issue an MCCD to a family until agreed by or on behalf of the Coroner.
- Where the Medical Cause Of Death is agreed by the Coroner, the doctor signing the MCCD must indicate that the Coroner has been informed and must record the exact words as agreed with the Coroner (with no abbreviations).
