**Ref: 24-773**

12 December 2024

By Email

Dear Sir/Madam

Thank you for your request for information under the Freedom of Information Act 2000. The Trust's response is as follows:

- We can confirm that we do hold the information you are requesting

**For each financial year (April 2019-March 2020, April 2020-March 2021, April 2021-March 2022, April 2022-March 2023 and April 2023-March 2024 - or as close to these time frames as possible), please provide:**

**A) The number of Prevent referrals made by your Trust?**

Between March 2020 and March 2024 there have been \* referrals.

Please note: Where the figures are between 1 and 5, this has been denoted by \*. Due to the low numbers, we have considered that there is the potential for individuals to be identified from the information provided, when considered with other information that may also be in the public domain. In our view disclosure of these low figures would breach one of the Data Protection Principles set out in Schedule 1 of the Data Protection Act, namely Principle 1. The Trust therefore finds that the Section 40(2) exemption contained within the Freedom of information Act 2000 is engaged. This follows NHS Digital (formerly HSCIC) analysis guidance (2014) which states that small numbers within local authorities, wards, postcode districts, providers and Trusts may allow identification of patients and should not be published.

**B) The number of your Trust's Prevent referrals that have been discussed at the Channel Panel?**

We do not hold this information. Channel Panel's are external and occur after a period of information gathering and are focused on diverting those involved in radicalisation away from risks. Not everyone who is referred initially due to a concern about radicalisation goes through to be heard at Channel panel.

**C) The number of people that your Trust referred under Prevent who received Channel support?**

We do not hold this information. Channel Panel's are external and occur after a period of

information gathering and are focused on diverting those involved in radicalisation away from risks. Not everyone who is referred initially due to a concern about radicalisation goes through to be heard at Channel panel.

**For A), B) and C) can you please provide where possible the numbers distributed by:**

**1. Whether the referral was made by a mental health service/department, or a non-mental health service/department?**

**2. The ethnic groups of the referred people?**

**3. The religious/faith groups of the referred people?**

**4. The type of concern?**

Due to the low numbers, we have considered that there is the potential for individuals to be identified from the information provided, when considered with other information that may also be in the public domain. In our view disclosure of these low figures would breach one of the Data Protection Principles set out in Schedule 1 of the Data Protection Act, namely Principle 1. The Trust therefore finds that the Section 40(2) exemption contained within the Freedom of information Act 2000 is engaged. (Section 40 is the exemption for personal information).

This concludes our response. We trust that you find this helpful, but please do not hesitate to contact us directly if we can be of any further assistance.
