Dear Sir/Madam

Thank you for your request for information under the Freedom of Information Act 2000. The Trust's response is as follows:

Any Orthopaedic Surgeries that have taken place jointly with a dental procedure

We require the count of occurrences of admitted patient spells that meet the following criteria:

**Any admitted patient who are 17 years and under, that have ANY OPCS codes from the Range of Chapter W and O codes (see attached spreadsheet column A).
From the above cohort any that ALSO have ANY of the codes assigned from Chapter F (see attached spreadsheet column C) in addition in the same spell.**

We would like the number of occurrences of spells that meet the criteria, by financial year.

If possible, the HES codes and count of each of those too please.

Period: 01/04/2022 to present.

Please see our response in the attached document.

Please note: Where the figures are between 1 and 5, this has been denoted by *. Due to the low numbers, we have considered that there is the potential for individuals to be identified from the information provided, when considered with other information that may also be in the public domain. In our view disclosure of these low figures would breach one of the Data Protection Principles set out in Schedule 1 of the Data Protection Act, namely Principle 1. The Trust therefore finds that the Section 40(2) exemption contained within the Freedom of information Act 2000 is engaged. This follows NHS Digital (formerly HSCIC) analysis guidance (2014) which states that small numbers within local authorities, wards, postcode districts,

providers and Trusts may allow identification of patients and should not be published.

This concludes our response. We trust that you find this helpful, but please do not hesitate to contact us directly if we can be of any further assistance.

If, after that, you are dissatisfied with the handling of your request, you have the right to ask for an internal review. Internal review requests should be submitted within two months of the date of receipt of the response to your original letter and should be addressed to:

Data Protection Officer
University Hospitals Bristol and Weston NHS Foundation Trust
Trust Headquarters

Please remember to quote the reference number above in any future communications.
