Dear Sir/Madam

Thank you for your request for information under the Freedom of Information Act 2000. The Trust's response is as follows:

- We can confirm that we do not hold the information you are requesting

**Please may I ask a further question, which I understand may be classed as a new FOI request.**

**If a patient is due to have a full hip replacement also had Atrial fibrillation (AF) would AF be a consideration in respect of a higher risk factor of potential blood clot complications and what post operative medication would be offered. Would aspirin still be a suitable medication?**

There are too many other variables that would have to be taken into account on making a decision regarding prophylaxis so we are unable to answer this.

This concludes our response. We trust that you find this helpful, but please do not hesitate to contact us directly if we can be of any further assistance.

If, after that, you are dissatisfied with the handling of your request, you have the right to ask for an internal review. Internal review requests should be submitted within two months of the date of receipt of the response to your original letter and should be addressed to:
