By Email

Dear Sir/Madam

Thank you for your request for information under the Freedom of Information Act 2000. The Trust's response is as follows:

- We can confirm that we do hold the information you are requesting

Under the Freedom of Information Act 2000, I would like to request the following

information in relation to free of charge schemes/compassionate use schemes. The schemes I am referring to are those which are in scope of the following guidance from

<https://www.england.nhs.uk/long-read/free-of-charge-foc-medicines-schemes-national-policy-recommendations-for-local-systems> | Publication reference: PRN00297

- **A list of all free of charge schemes which your drugs and therapeutics committee (or equivalent committee) has considered over the last 5 years, with decisions;**

Please see our response in the attached document.

- **A list of all free of charge schemes which your organisation has taken part in over the last 5 years, with start and end dates;**

Please see our response in the attached document. Please note, we have not provided end dates; the Trust does not hold the data in a format that would enable us to fully respond to your request to the level of detail required and a manual trawl for this information would significantly exceed the 18 hours limit set down by the FOI as the reasonable limit. Section 12 of the FOIA provides that we are not obliged to spend in excess of 18 hours in any sixty-day period locating, retrieving and identifying information in order to deal with a request for information and therefore we are withholding this information at this time.

- **How many patients have taken part in these free of charge schemes over the last 5 years;**

Please note, the Trust does not hold the data in a format that would enable us to fully respond to your request to the level of detail required and a manual trawl for this information would significantly exceed the 18 hours limit set down by the FOI as the reasonable limit. Section 12 of the FOIA provides that we are not obliged to spend in excess of 18 hours in any sixty-day

period locating, retrieving and identifying information in order to deal with a request for information and therefore we are withholding this information at this time.

- **The estimated cost to your organisation of all free of charge schemes which your organisation has taken part in, in terms of resourcing, staffing, storage, and any other areas, over the last 5 years;**

We do not hold this information.

- **The length of time it took from the first application by a clinician to take part in a free of charge scheme, to when the first patient was dosed with the treatment.**

This is varied according to scheme and clinical circumstance.

This concludes our response. We trust that you find this helpful, but please do not hesitate to contact us directly if we can be of any further assistance.

If, after that, you are dissatisfied with the handling of your request, you have the right to ask for an internal review. Internal review requests should be submitted within two months of the date of receipt of the response to your original letter and should be addressed to:
