

Freedom of Information Request

Ref: 25-248

17th April 2025

By Email

Dear Sir/Madam

Thank you for your request for information under the Freedom of Information Act 2000. The Trust's response is as follows:

- We can confirm that we hold some of the information you are requesting

What growth chart do you use in your maternity department for fetal biometry including estimated fetal weight? If this has changed since 2017, please include previous growth charts since 01/01/2017 in the answer.

Please provide specific journal references, rather than the generic name of the chart i.e.- 'Hadlock et al. In utero analysis of fetal growth: a sonographic weight standard. Radiology 1991;181(1):129-33'. If any adaptations to the chart are used, please also provide the journal references to these i.e. 'Gardosi et al. Customised antenatal growth charts. Lancet 1992;339(8788):283-7'

Please see the attached document.

This concludes our response. We trust that you find this helpful, but please do not hesitate to contact us directly if we can be of any further assistance.

If, after that, you are dissatisfied with the handling of your request, you have the right to ask for an internal review. Internal review requests should be submitted within two months of the date of receipt of the response to your original letter and should be addressed to:
