

**Freedom of Information Request**

**Ref: 25-249**

17 April 2025

By Email

Dear Sir/Madam

Thank you for your request for information under the Freedom of Information Act 2000. The Trust's response is as follows:

- We can confirm that we do hold the information you are requesting

**I would like to submit a Freedom of Information request under the Freedom of Information Act 2000. Please could you provide the following information:**

**1. Waiting List Data**

**a) The number of patients currently on the waiting list for the following ultrasound scans:**

- o General - 1773
- o Obstetrics and Gynaecology - 2022
- o Small Parts - 173
- o Musculoskeletal (MSK) - 1577
- o Head, Neck, and Thyroid - 560
- o Groin - 71
- o Breast (male and female) - 8
- o Deep Vein Thrombosis (DVT) - \*
- o Triple Aneurysm (AAA) -
- o Lumps and Bumps
- o Soft Tissues - 11

Please note: Where the figures are between 1 and 5, this has been denoted by \*. Due to the low numbers, we have considered that there is the potential for individuals to be identified from the information provided, when considered with other information that may also be in the public domain. In our view disclosure of these low figures would breach one of the Data Protection Principles set out in Schedule 1 of the Data Protection Act, namely Principle 1. The Trust therefore finds that the Section 40(2) exemption contained within the Freedom of information Act 2000 is engaged. This follows NHS Digital (formerly HSCIC) analysis guidance (2014) which states that small numbers within local authorities, wards, postcode districts,

providers and Trusts may allow identification of patients and should not be published.

*Please note that we do not use AAA as a category and lumps and bumps would come under soft tissue.*

**b) The number of patients who have been on the waiting list for these scans for longer than 18 weeks.**

114
