By Email

Dear Sir/Madam

Thank you for your request for information under the Freedom of Information Act 2000. The Trust's response is as follows:

- We can confirm that we hold some of the information you are requesting
- **Waiting times for further investigation referrals from GPs for prostate cancer patients.**
We do not hold this information. The prostate cancer service is provided by North Bristol NHS Trust. Please contact FOIArequests@nbt.nhs.uk for further information.
- **Waiting times for treatment (surgery, radiotherapy, hormone therapy, chemotherapy) for prostate cancer patients.**
Please see the attached document. Please note: Where the figures are between 1 and 5, this has been denoted by *. Due to the low numbers, we have considered that there is the potential for individuals to be identified from the information provided, when considered with other information that may also be in the public domain. In our view disclosure of these low figures would breach one of the Data Protection Principles set out in Schedule 1 of the Data Protection Act, namely Principle 1. The Trust therefore finds that the Section 40(2) exemption contained within the Freedom of information Act 2000 is engaged. This follows NHS Digital (formerly HSCIC) analysis guidance (2014) which states that small numbers within local authorities, wards, postcode districts, providers and Trusts may allow identification of patients and should not be published.
- **Waiting times for further investigation referrals from GPs for head and neck cancer patients.**
