Ref: 25-471

7 July 2025

By Email

Dear Sir/Madam

Thank you for your request for information under the Freedom of Information Act 2000. The Trust's response is as follows:

- We can confirm that we do hold the information you are requesting

Please can you provide me with the relevant staff policies and training documents relating to patient confidentiality and safeguarding.

I'm specifically looking for the policies governing allied health professionals like social workers, porters etc.

This would include safeguarding policies, safeguarding training materials, data sharing policies, confidentiality policies and information security training materials. It would not include any of the above in relation to doctors for example - only allied health professionals.

This would cover any policy or training material that gives guidance on when and where an allied health professional or hospital employee should disclose patient information without consent.

Please see the attached documents. Our training is aligned to the National E-Learning for Health programme, please see the following links: <https://www.e-lfh.org.uk/programmes/data-security-awareness/>, <https://www.e-lfh.org.uk/programmes/safeguarding-children/> and <https://www.e-lfh.org.uk/programmes/safeguarding-adults/>

This concludes our response. We trust that you find this helpful, but please do not hesitate to contact us directly if we can be of any further assistance.

If, after that, you are dissatisfied with the handling of your request, you have the right to ask for an internal review. Internal review requests should be submitted within two months of the date of receipt of the response to your original letter and should be addressed to:
