Under the Freedom of Information Act, please can I request an answer to the following question:

1. The name of the Clinical Decision Support solution or solutions contracted by the Trust

We have not procured a designated Clinical Decision Support system. However, a number of clinical systems used at UHBW incorporate elements of clinical decision support, including:

- CareFlow Vitals (System C)
- Fluency (3M HIS)
- MediSight (Medisoft)
- ARCEMS (internal emergency medical system)
- MVision (Philips)
- CareFlow Medicines Management – CMM (System C)
- Quick Book (DrDoctor)
- ViewPoint 6 (GE Healthcare)
- My Medical Record
- Pharmacy Tracking System – PTS

These systems support clinical workflows and decision-making through features such as early warning scores, risk stratification, and protocol-driven guidance.

This concludes our response. We trust that you find this helpful, but please do not hesitate to contact us directly if we can be of any further assistance.
