

**Freedom of Information Request**

**Ref: 25-707**

19 September 2025

By Email

Dear Sir/Madam

Thank you for your request for information under the Freedom of Information Act 2000. The Trust's response is as follows:

- We can confirm that we do hold the information you are requesting

**I am writing to you under the Freedom of Information Act 2000 on behalf of Myeloma UK to request the following information:**

**1. Is your health trust currently treating myeloma patients**

Yes

**2. Please list the hospitals in your board/trust that are currently treating myeloma patients.**

Bristol Haematology and Oncology Centre

**3. Please list how many myeloma patients are being treated by your board/trust.**

We do not hold this information. Our system can provide the number of patients who started treatment in a given period, but not the number having ongoing treatment, as it only records starts, not ends, and chemo treatments can continue for years.

**Please break this down by hospital.**

Bristol Haematology and Oncology Centre

**4. Is your health trust currently treating myeloma patients with elranatamab or teclistamab. Please break this down by hospital.**

Yes - Bristol Haematology and Oncology Centre

**5. Please list how many people have been given a) elranatamab or b) teclistamab since approval by the National Institute of Health and Care Excellence in 2024 (TA1023 and TA1015). If possible, please break this down by hospital.**

Bristol Haematology and Oncology Centre: 10 elranatamab patients, \* teclistamab patients

Please note: Where the figures are between 1 and 5, this has been denoted by \*. Due to the low numbers, we have considered that there is the potential for individuals to be identified from

the information provided, when considered with other information that may also be in the public domain. In our view disclosure of these low figures would breach one of the Data Protection Principles set out in Schedule 1 of the Data Protection Act, namely Principle 1. The Trust therefore finds that the Section 40(2) exemption contained within the Freedom of information Act 2000 is engaged. This follows NHS Digital (formerly HSCIC) analysis guidance (2014) which states that small numbers within local authorities, wards, postcode districts, providers and Trusts may allow identification of patients and should not be published.

**6. Do you have a service level agreement or referral system in place with any other trusts to deliver a) elranatamab or b) teclistamab to patients. If the answer this question is yes, which health boards / trusts do you have an agreement in place with.**

No, not applicable

This concludes our response. We trust that you find this helpful, but please do not hesitate to contact us directly if we can be of any further assistance.

If, after that, you are dissatisfied with the handling of your request, you have the right to ask for an internal review. Internal review requests should be submitted within two months of the date of receipt of the response to your original letter and should be addressed to:

Data Protection Officer  
University Hospitals Bristol and Weston NHS Foundation Trust  
Trust Headquarters  
Marlborough Street  
Bristol  
BS1 3NU

Please remember to quote the reference number above in any future communications.

If you are not content with the outcome of the internal review, you have the right to apply directly to the Information Commissioner for a decision. The Information Commissioner can be contacted at: Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF

#### Publication

Please note that this letter and the information included/attached will be published on our website as part of the Trust's Freedom of Information Publication Log. This is because information disclosed in accordance with the Freedom of Information Act is disclosed to the public, not just to the individual making the request. We will remove any personal information (such as your name, email and so on) from any information we make public to protect your personal information.
