

Statement of purpose

Health and Social Care Act 2008

Part 1

**The provider's name, legal status, address
and other contact details**

Including address for service of notices and other documents

Statement of purpose, Part 1

Health and Social Care Act 2008, Regulation 12, schedule 3

The provider's business contact details, including address for service of notices and other documents, in accordance with Sections 93 and 94 of the Health and Social Care Act 2008

1. Provider's name and legal status

Full name ¹	University Hospitals Bristol and Weston NHS Foundation Trust					
CQC provider ID	RA7					
Legal status ¹	Individual	<input type="checkbox"/>	Partnership	<input type="checkbox"/>	Organisation	<input checked="" type="checkbox"/>

2. Provider's address, including for service of notices and other documents

Business address ²	University Hospitals Bristol and Weston NHS Foundation Trust Trust Headquarters Marlborough Street
Town/city	Bristol
County	Bristol
Post code	BS1 3NU
Business telephone	0117 923 0000 (switchboard)
Electronic mail (email) ³	stuart.walker@uhbw.nhs.uk

By submitting this statement of purpose you are confirming your willingness for CQC to use the **email address** supplied at Section 2 above for service of documents and for sending all other correspondence to you. Email ensures fast and efficient delivery of important information. If you do not want to receive documents by email please check or tick the box below. We will not share this email address with anyone else.

I/we do NOT wish to receive notices and other documents from CQC by email	<input type="checkbox"/>
--	--------------------------

¹ Where the provider is a partnership please fill in the partnership's name at 'Full name' in Section 1 above. Where the partnership does not have a name, please fill in the names of all the partners at Section 3 below

² Where you do not agree to service of notices and other documents by email they will be sent by post to the business address shown in Section 2. This includes draft and final inspection reports. This postal business address will be included on the CQC website.

³ Where you agree to service of notices and other documents by email your copies will be sent to the email address shown in Section 2. This includes draft and final inspection reports.

Please note: CQC can deem notices sent to the email or postal address for service you supply in your statement of purpose as having been served as described in Sections 93 and 94 of the Health and Social Care Act 2008. The address supplied must therefore be accurate, up to date, and able to ensure prompt delivery of these important documents.

Health and Social Care Act 2008

Part 2

Aims and objectives

Aims and objectives

What are your aims and objectives in providing the regulated activities and locations shown in part 3 of this statement of purpose

University Hospitals Bristol and Weston NHS Foundation Trust (the Trust) is a public benefit corporation authorised by NHS England, the Independent Regulator of NHS Foundation Trusts on 1 June 2008.

We have more than 15,000 staff who deliver over 100 different clinical services across ten different sites, providing care to the people of Bristol, North Somerset and the South West from the very beginning of life to its later stages. We are one of the country's largest acute NHS Trusts with an annual income of over £1,200m.

The Trust provides services in the three principal domains of clinical service provision, teaching and learning, and research and innovation. The most significant of these with respect to income and workforce is the clinical service portfolio consisting of general and specialised services.

For general provision, services are provided to the population of central and south Bristol and North Somerset, around 350,000 patients. A comprehensive range of services, including all typical diagnostic, medical and surgical specialties, are provided through outpatient, day care and inpatient models. These are largely delivered from the Trust's city centre campus and from Weston General Hospital in Weston-super-Mare, with the exception of a small number of services delivered in community settings such as South Bristol Community Hospital. Specialist services are delivered to a wider population throughout the South West and beyond, typically between one and five million people. The main components of this portfolio are children's services, cardiac services and cancer services as well as a number of smaller, but highly specialised services, some of which are nationally commissioned.

As a University Teaching Trust, we also place great importance on teaching and research. The Trust has strong links with both of the city's universities and teaches students from medicine, nursing and other professions allied to health. Research is a core aspect of our activity and has an increasingly important role in the Trust's. The Trust is a full member of Bristol Health Partners, and of the West of England Academic Health Science Network, and also hosts the recently established Collaboration for Leadership in Applied Health Research for the West of England.

As a foundation trust, we have a membership and 29 governors (23 elected and 6 appointed) who hold us and our Board of Directors to account. Over 3,500 people have joined us as members and their input is vital to our work.

Bristol NHS Group

In April 2025, UHBW and North Bristol NHS Trust confirmed the formation of Bristol NHS Group, bringing together two major NHS providers with a shared ambition: to deliver seamless, high-quality, and equitable care for every person across Bristol, Weston, South Gloucestershire, and the wider South West. With a combined workforce of 28,000 and a budget of over £2.1 billion, we are coming together to tackle health inequalities, improve outcomes, and deliver better value for patients, staff, and the public.

Through a Joint Clinical Strategy, Bristol NHS Group will transform the way healthcare is delivered locally for our patients, our people, the population we serve, and the public purse.

Our five priorities as Bristol NHS Group:

1. Deliver outstanding care for every patient
2. Lead in groundbreaking innovation, research and development
3. Support our people to thrive and grow
4. Maximise resources and eliminate waste so we can deliver for the communities we serve
5. Collaborate with partners as one team

Our vision for five years from now:

- Patients will wait less and experience the same high-quality care wherever they live
- More care will be delivered closer to home, including in community or virtual settings
- Digital technology will transform how we work and how care is delivered
- Our people will feel energised, engaged and proud to work here
- We'll be recognised nationally and globally for research and innovation
- We'll be in financial balance — and delivering better value for taxpayers

Our mission, vision and values

During 2023/24, building on the engagement and insight obtained in developing our previous organisational strategy, we refreshed our Trust strategy to '*A difference that matters*'. Our vision, mission and strategic priorities are outlined below.

Our vision: ***To become the trust that pioneers new standards for patients, staff and communities.***

Our mission: ***To advance the health and wellbeing of our community.***

Our Trust values remain as:

Our Strategic Priorities

In June 2023 the Trust Board approved the following strategic priorities, delivered through our Patient First approach which is our long-term, continuous improvement approach to transforming hospital services for the benefit of patients and staff:

- **Experience of Care:** Together, we will deliver person-centred, compassionate and inclusive care every time, for everyone.
- **Patient Safety:** Together, we will consistently deliver the highest quality, safe and effective care to all our patients.
- **Our People:** Together, we will make UHBW the best place to work.

- **Timely Care:** Together, we will provide timely access to care for all patients, meeting their individual needs.
- **Innovate and Improve:** Together, we will drive improvement every day, engaging our staff and patients in research and innovative ways of working to unlock our full potential.
- **Our Resources:** Together, we will reduce waste and increase productivity to be in a strong financial position to release resources and reinvest in our staff, our services and our environment.

Delivery of our strategic priorities is managed through monthly Strategy Deployment Reviews (SDRs) with our Senior Leadership Team and are reported to Board monthly. At a Divisional level, priority projects to drive our Trust strategy are managed through Divisional Strategic Deployment Reviews (SDRs). The picture below summarises how our strategic priorities drive our overall Trust Strategy.

Our Trust Strategy

A difference that matters

Our Divisional Structures

Our clinical services are organised and managed in six clinical divisions – Medicine, Surgery, Specialised Services, Women's & Children's, Diagnostic & Therapy Services and Weston. Our clinical divisions are led by a clinical chair, a director of nursing (head of professions for Diagnostic & Therapy Services) and a divisional director who is the most senior manager in the division. We have two corporate divisions: Estates & Facilities, which includes the operational management of our estate and our facilities services as well as strategic and operational capital planning and delivery; and Trust Services, which includes human resources and organisational development, finance, IT, quality and patient safety, Trust secretariat, transformation, strategy and business planning, chief nurse, medical director team, performance and operations, and research and innovation.

Our Clinical Strategy and Joint Clinical Strategy

Our new Clinical Strategy was approved in November 2024, to be delivered alongside our Joint Clinical Strategy with North Bristol NHS Trust. The picture below summarises the four key goals within our strategy, to drive the development and stability of both our specialist, regional and general local services.

It also outlines the relationship between our Clinical Strategy and our Experience of Care Strategy and our People, Estates and Digital Strategies as our core enabling strategies.

Our Digital Strategy	Our People Strategy	Our Estates Strategy
<ul style="list-style-type: none"> • A resilient and reliable foundation • Accessible clinical information • A Digital First approach • One digital identity 	<ul style="list-style-type: none"> • Growing for the future • New ways of working • Looking after our people • Inclusion and belonging 	<ul style="list-style-type: none"> • UHBW 5 year capital programme • Delivery of Net Zero • Joint UHBW and NBT strategic estates plan • Bristol, North Somerset and South Gloucestershire ICS infrastructure strategy (BNSSG)

Education and workforce

Our people are the most important part of every service we provide. We are committed to making sure that UHBW provides the best possible working environment for our people and that we have enough people with the right skills to build the workforce for the future in our system. We want to be a beacon of outstanding education that motivates and inspires our staff and brings direct benefit to patient care. We need to develop stronger academic partnerships to ensure mutual co-creation of our education priorities leading to joined up solutions for our workforce and staff retention. We will embrace learning as part of who we are, and what we do. We want to become nationally and internationally known as a place where exceptional careers are created.

Research and innovation

Sustaining and implementing our excellence in research and supporting a strong culture of innovation are both key to developing our specialist and regional services. We want to be at

the cutting edge of healthcare and we will only achieve that by attracting the brightest minds to provide care for patients, carry out research and transform ideas into new treatments for our patients. We want all of our services to be as effective and productive as possible so that we make the absolute most of all our resources. We will focus our efforts on defining which patients benefit from specific treatments, moving away from a one-size fits-all approach to truly personalised medicine. In the future, no individual will be offered a treatment that is unlikely to be of benefit merely because they belong to a certain patient cohort. Developing our culture and practice around innovation, with the support and resources necessary to deliver real change in how our services work to make the most of new technology, will deliver real improvements for our patients and our people.

Hosted Services

UHBW hosts the following local networks:

- Sustainability Transformation Programme
- Avon Partnership Occupational Health Service (APOHS)
- Bristol Health Partners (BHP)
- West of England Clinical Research Network (CRN:WoE)
- South West Research Design Service
- West of England Genomic Medicine Centre
- South West Critical Care Network
- Congenital Heart Disease Network South Wales and South West
- Pharmacy Workforce Development South (PWDS)
- South West Regional Pharmacy Procurement Specialist
- Stitch Hit - Improving Care in Self-Harm Health Integration Team (including Self Harm Register)
- Bristol & Weston Bowel Cancer Screening Programme
- South West Pharmacy Medicines Information (SWMI)
- Medicines Supply Chain Partnership
- Surgery in Children clinical networks
- Neonatal Operational Delivery Network
- Paediatric Critical Care Operational Delivery Network
- Fetal Medicine Operational Delivery Network
- Children and TYA Cancer Operational Delivery Network

Our overall Trust strategy sets priorities, objectives and a strategic plan for delivery. All of this is supported by strategies across our organisation. The Trust has an integrated strategy framework where our Trust strategy sets the overall mission, vision and strategic priorities for an integrated set of supporting strategies.

Use of Cannabis Based Medicinal Products

UHBW provides treatment with UK licensed cannabis based medicinal products (CBMP) in line with NHS commissioned pathways for epilepsy and cancer treatment. Licensed CBMP initiated by other NHS providers in line with NHS commissioned pathways may also be continued for inpatients to facilitate ongoing treatment.

UHBW does not initiate treatment of or supply unlicensed CBMP products. Use of a patient's own supply of unlicensed CBMP products (Schedule 2 Controlled Drugs) prescribed by another UK based provider, may be facilitated for self-administration by inpatients if assessed to be clinically suitable, the patient is able to self-administer and the unlicensed CBMP product is in a form that is suitable for use within an inpatient environment.

Part 3

Location(s), and

- the people who use the service there
- their service type(s)
- their regulated activity(ies)

Fill in a separate part 3 for each location

The information below is for location no.:	1	of a total of:	6	locations
--	---	----------------	---	-----------

Name of location	UHBW Bristol Main Site
Address	Bristol Royal Infirmary Upper Maudlin Street Bristol
Postcode	BS2 8HW
Telephone	0117 923 0000 (switchboard)
Email	

<p>Description of the location (The premises and the area around them, access, adaptations, equipment, facilities, suitability for relevant special needs, staffing & qualifications etc.)</p> <p>University Hospitals Bristol and Weston NHS Foundation Trust is one of the country's largest acute NHS Trusts with a budget of over £1,200m and over 15,000 staff delivering over 100 different clinical services.</p> <p>The Trust main site consists of six hospitals in the centre of Bristol with bed-base of approximately 1,041 beds (inpatient and day case):</p> <p>Bristol Royal Infirmary (BRI), including the Bristol Heart Institute (BHI) The BRI provides general and acute medicine and surgery, specialist surgery, critical care, trauma and orthopaedics and accident and emergency services. The hospital has approximately 515 inpatient beds (51 of which are for critical care) plus a further 42 day-case beds and a Discharge Lounge containing chairs for patients who no longer need to be on a ward. The Bristol Heart Institute is the centre for cardiothoracic services for the northern part of the South West region.</p> <p>Bristol Eye Hospital (BEH) Bristol Eye Hospital is one of the country's leading specialist hospitals. The hospital has approximately 24 ophthalmic consultants supported by a wide range of staff including orthoptists, optometrists, pharmacists and nurse practitioners. The Bristol Eye Hospital offers a daytime emergency assessment and treatment service, 7 days a week. The hospital has 11 inpatient and 16 day-case beds. The BEH is the region's leading ophthalmology centre.</p> <p>Bristol Royal Hospital for Children (BRHC) The Bristol Royal Hospital for Children (BRHC) provides a local service for Bristol children and a referral service for specialist care for families across the South West and nationally. The hospital has approximately 178 inpatient beds (including 18 critical care) and 37 day case beds. The only dedicated children's hospital in the South West of England, BRHC is the regional centre for a wide range of specialist paediatric services and is the base for the internationally renowned bone marrow transplant unit. The intensive care unit provides the highest level of specialist paediatric critical care.</p>

Bristol Haematology and Oncology Centre (BHOC)

BHOC provides inpatient and day case chemotherapy treatment and radiotherapy, inpatient oncology and day case oncology, a full range of haematology services (benign and malignant disease), including adult stem cell transplantation (with an on-site apheresis unit) and provides comprehensive care centre for haemophiliacs, as well as comprehensive palliative care based in the BHOC with outreach across the hospital. The hospital has approximately 58 inpatient beds and 33 day case beds.

St Michael's Hospital (StMH)

StMH provide a range of facilities including maternity services (a midwifery led unit and central delivery suite), gynaecology and gynae-oncology, day surgery, children's and adult audiology, ear nose and throat outpatients and clinical genetics. The hospital is a regional referral unit for high-risk pregnancies, surgical, cardiac and extreme premature neonatal care, and for foetal medicine. The hospital has approximately 125 beds (including 103 maternity/obstetrics, 31 neonates and 22 gynaecology).

University of Bristol Dental Hospital (BDH)

BDH provides routine and specialist clinical dental services for all ages, for the South West of England, as well as conducting research. The hospital also provides Emergency Dental Services for patients with specific life-threatening dental conditions. There are four day-case beds within the hospital to provide dental treatment for paediatric patients who require general anaesthetic.

Critical Care Ambulance Retrieval Services

Southwest Neonatal Advice and Retrieval (SoNAR), Wales and West Acute Transport for Children (WATCH), and Retrieve, are the Services responsible for transferring critically ill patients across the Southwest of England. WATCH also provides cover for hospitals in South Wales. SoNAR is the service commissioned for transfers of babies in or out of a neonatal unit, WATCH provide paediatric critical care transport, and Retrieve is responsible for providing adult critical care transfers. The three Services operate out of a shared base in Bristol, with Retrieve and SoNAR also having bases in Launceston and Plymouth respectively.

Temporary arrangements

Additional temporary arrangements are in place or being sought for the following at additional premises:

- Imaging - The radiology service at Weston has been utilising Practice Plus at Emerson's Green to support the elective recovery for non- obstetric ultrasound imaging. This arrangement is expected to be ongoing until 31/03/2026.
- Alveolar bone graft surgery - Treating children who require alveolar bone graft surgery. A temporary arrangement is currently in place with The Spire Hospital Bristol due to consultant sickness and a review into processes regarding Alveolar Bone Grafting at BRCH. The contract commenced in May 2023 and is expected to last until March 2026. It is anticipated that 2-4 patients will be treated at The Spire each month.
- Paediatric outpatients UHBW Education & Research Centre – with the need to expand our Emergency Department within level 3 of The Bristol Royal Hospital for Children, part of level one of the Research & Education centre was repurposed in December 2024 to accommodate paediatric outpatient. 'Fairground' outpatients encompasses; 8 clinic rooms, a phlebotomy room, locked clinical room for drugs, a dirty utility and a reception area. Bathrooms for patients and baby changing facilities are situated on the ground floor opposite. It holds many of the paediatric specialty clinics except for Cardiology, Burns and plastics and Trauma and Orthopaedics who remain onsite at BRHC due to the imaging and radiology support needed. The department is planned to

accommodate paediatric clinics for a further two years, prior to a large expansion of a purpose-built paediatric Outpatient facility.

Description of the location (The premises and the area around them, access, adaptations, equipment, facilities, suitability for relevant special needs, staffing & qualifications etc.)
South Bristol Community Hospital (SBCH) is situated in the Hengrove area of Bristol to the south of the city centre and provides non-acute services to a population of approximately 300,000 from central and south Bristol. UHBW provides day surgery (21 day case beds), endoscopy, a wide range of outpatient clinics for adults and young people, MRI and CT scanner facilities and an outpatient adult rehabilitation service. UHBW also provides a community and teaching dental service. Other patient services at SBCH are run by Sirona care & health, including an urgent care centre for minor illnesses and injuries, and two inpatient wards.

--	---	----------------	---	-----------

Name of location	The Bristol Eye Hospital diagnostic assessment service
Address	Unit G13 (Old Post Office), Galleries Shopping Precinct, Bristol
Postcode	BS1 3XA
Telephone	0117 923 0000 (switchboard)
Email	

Description of the location (The premises and the area around them, access, adaptations, equipment, facilities, suitability for relevant special needs, staffing & qualifications etc)
<p>The Bristol Eye Hospital diagnostic assessment service will be structured to deliver safe high volume diagnostic assessment inside a retail unit in the Galleries shopping centre in Bristol. The service will provide essential assessment for patients who may otherwise suffer asymptomatic irreversible loss of eyesight. Information for remote review will be collected on site using a range of specialist equipment managed by ophthalmology technicians specifically trained in data capture. The images and data captured will be reviewed remotely by ophthalmology specialists. This will facilitate consistent surveillance and determine treatment plans of chronic eye conditions within a proven safe and efficient model of care and reducing the need for face-to-face appointments. This arrangement commenced March 2023.</p>
